

PCM Achieves Master Security Specialization from Cisco

November 6, 2017

EL SEGUNDO, Calif.--(BUSINESS WIRE)--Nov. 6, 2017-- [PCM, Inc.](#) (NASDAQ: PCMI), a leading technology solutions provider, today announced it has achieved the Master Security Specialization from Cisco.

In order to gain this designation, PCM fulfilled critical requirements including holding Advanced Security Architecture Specialization (ASAS), Cisco Certified Internetwork Expert (CCIE) and Cisco Certified Network Professional (CCNP) security certifications; project management certifications; Fire Jumper designation; and proof of value (POV) for pre-sales customer opportunities. PCM, a longstanding Cisco Gold Certified partner, then completed an onsite audit demonstrating its proficiency in several 'Practice Areas,' including threat visibility, network vulnerability assessment, remediation and response, secure cloud, secure data center and secure IoT.

"A Master Security Specialization validates that PCM is an elite Cisco security partner with the technical capabilities to successfully demonstrate, architect, implement and manage the complete portfolio of Cisco security solutions," said Jay Miley, President of PCM, Inc. "This is a testament to our Networking and Security teams and the hard work and stellar service delivered by our Cisco Total Care Services and Managed Services teams."

About PCM

PCM, Inc., through its wholly-owned subsidiaries, is a leading multi-vendor provider of technology solutions, including hardware, software and services to small, medium and enterprise businesses, state, local and federal governments and educational institutions across the United States, Canada and the UK. We generated net sales of \$2.2 billion in the twelve months ended September 30, 2017. For more information, please visit [investor.pcm.com](#) or call (310) 354-5600.
